Self-denial is the one thing most difficult to inculcate and always hard to practice, especially when there are good things to eat within reach. But there is no self-denial necessary if you take Simmons Liver Regulator. It promotes digestion, prevents Dyspepsia and a dose after a hearty meal of delicacies will prevent any discomfort. It's the best good-night tonic.

Retailers of cigarettes are required to pay a tax of \$15 each year and display the receipt of the county treasurer for the amount so paid in some conspicuous place in the building where the business is carried on. The law passed in 1893 made the tax \$100, and the law was prohibitory in Napoleon as the sales would not justify dealers in paying the tax. The last legislature, on May 18th, 1894, repealed the law of 1893, and reduced the tax to \$15 and made it possible for the little boys of our town to become cigarette fiends.
